

DOI Link: A Two-Year Randomized Controlled Trial of Belimumab in Lupus Nephritis

Summary

- A link to the following publication is provided per your request:
 - o Furie R, Rovin BH, Houssiau F, et al. A two-year randomized controlled trial of belimumab in lupus nephritis. *N Engl J Med*. 2020;383(12):1117-28.
DOI: <https://dx.doi.org/10.1056/NEJMoa2001180>
- Important safety information is found in the attached Prescribing Information.

DISCLOSURE

A Digital Object Identifier (DOI) link to the article is provided for the requested citation. Provision of the full reprint article for which GSK pays copyright is reportable as a transfer of value under the U.S. Physician Payment Sunshine Act. Therefore, GSK US Medical Information has taken the position of providing the DOI link in lieu of the full reprint article. Please refer to your local medical library or the publisher of the article for full reprints you may require.

Some information contained in this response is outside the approved Prescribing Information. This product is not approved for the use described. This response is not intended to offer recommendations for administering this product in a manner inconsistent with its approved labeling.

In order for GlaxoSmithKline to monitor the safety of our products, we encourage healthcare professionals to report adverse events or suspected overdoses to the company at 888-825-5249.

Please consult the attached Prescribing Information. This response was developed according to the principles of evidence-based medicine and, therefore, references may not be all-inclusive.
